

InfixLMS

Welcome to InfixLMS

Email: support@spondonit.com

Web: infixedu.com

We would like to thank you for purchasing **InfixLMS**! We are very pleased you have chosen **InfixLMS** for your institution, you will not be disappointed! Before you get started, please be sure to always check out these documentation files. We outline all kinds of good information and provide you with all the details you need to use **InfixLMS**. **InfixLMS** can be used with any school, college, university, training/coaching institute.

If you are unable to find your answer here in our documentation, watch our Video Tutorials, you can also visit our Help & Support. Chances are your question or issue has been brought up already and the answer is waiting to be found. If you are unable to find it anywhere, then please go to our Support section and open a new Support Ticket with all the details we need. Please be sure to include your site URL as well. Thank you, we hope you enjoy using **InfixLMS**!

InfixLMS - System Requirements

Infix System Requirements

The Laravel framework has a few system requirements. All of these requirements are satisfied by the Laravel Homestead virtual machine, so it's highly recommended that you use Homestead as your local Laravel development environment.

However, if you are not using Homestead, you will need to make sure your server meets the following requirements:

- PHP >= 7.1. 3
- OpenSSL PHP Extension
- PDO PHP Extension
- Mbstring PHP Extension
- Tokenizer PHP Extension
- XML PHP Extension
- Ctype PHP Extension
- JSON PHP Extension
- BCMath PHP Extension

* In most hosting accounts, these extensions are enabled by default. But you should check with your hosting provider.

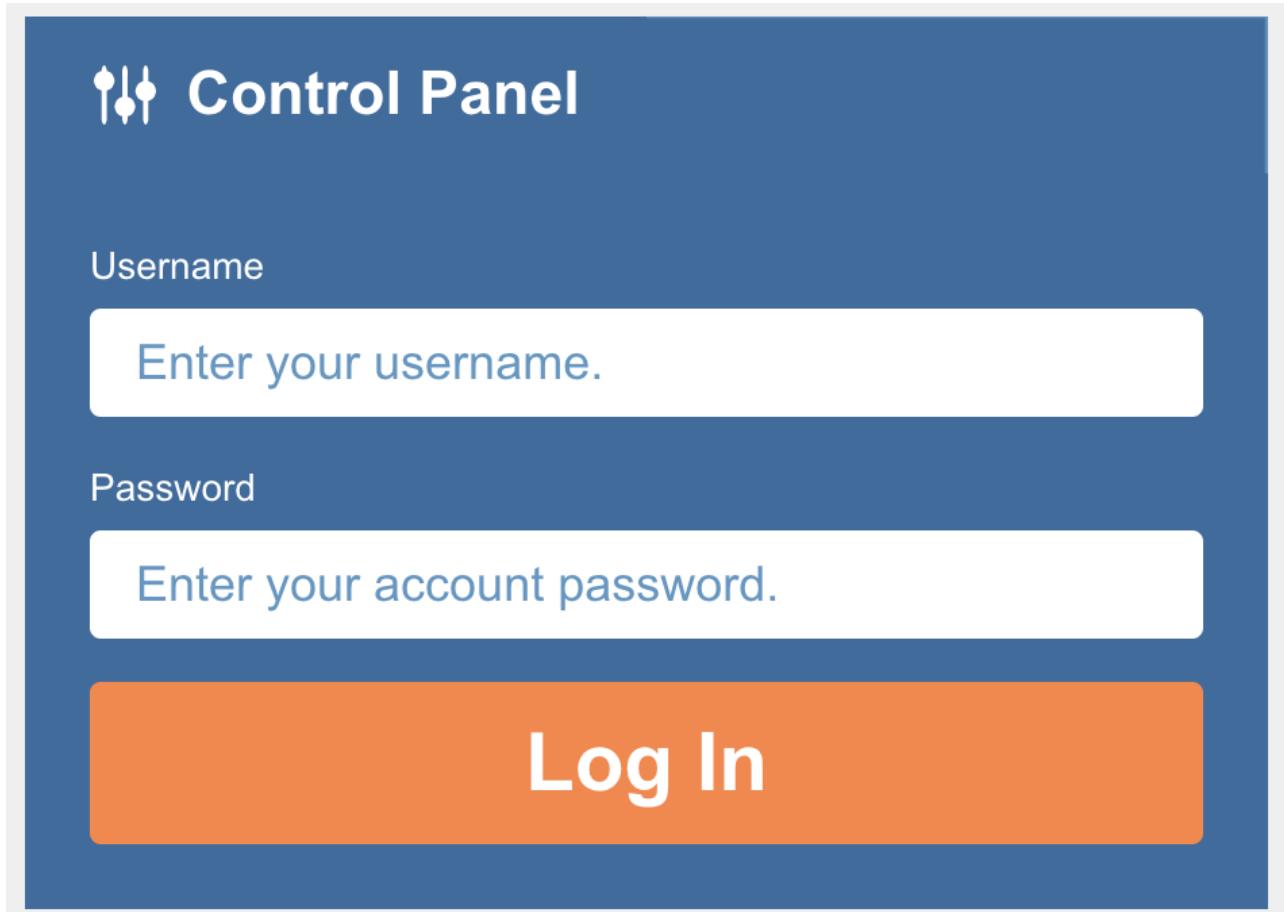

After installation InfixLMS to work properly, you must make a few directories/files writable.

Below is a list of directories/files you should ensure that have to write permissions.

- installation_dir/storage/app/
- installation_dir/storage/framework/cache
- installation_dir/storage/framework/session
- installation_dir/storage/framework/testing
- installation_dir/public/uploads/

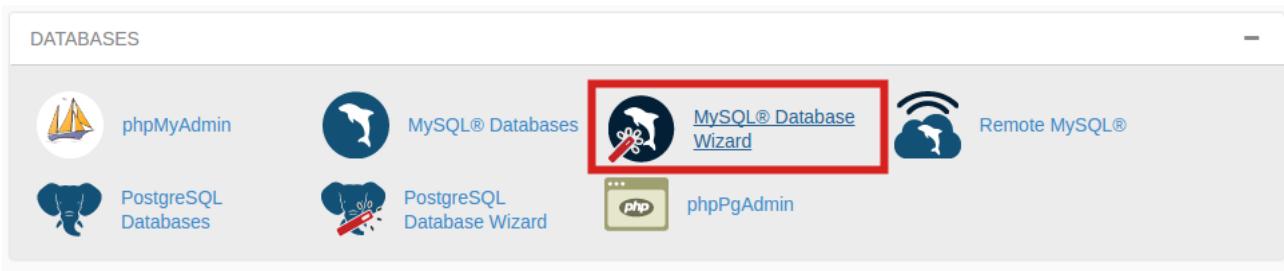

InfixLMS - Installation

Log into your cPanel.

Login into cPanel

Click the MySQL Database Wizard under the Databases heading.

Creating Database & User

Next to New Database enter a name for your database and click Next Step.

Step 1: Create A Database

New Database:

 1

Note: 55 characters max.

Next Step

2

Next to the Username enter a username. Enter a password next to Password, enter it again for Password (Again), and then click Create User.

MySQL® Database Wizard

You have created a MariaDB/MySQL database named "example_test".

Step 2: Create Database Users:

Username:

 1

Note: 8 characters max.

Password:

 2

Password (Again):

 3

Strength 1

>Password Generator

4

Create User

On the next page, you'll assign privileges for the user to the database. Check the box next to All Privileges and then click Next Step.

You have successfully created a MySQL user named "example_username".

Step 3: Add user to the database.

User: **example_username**
Database: **example_test**

<input checked="" type="checkbox"/> ALL PRIVILEGES

Next Step

Give All Privileges

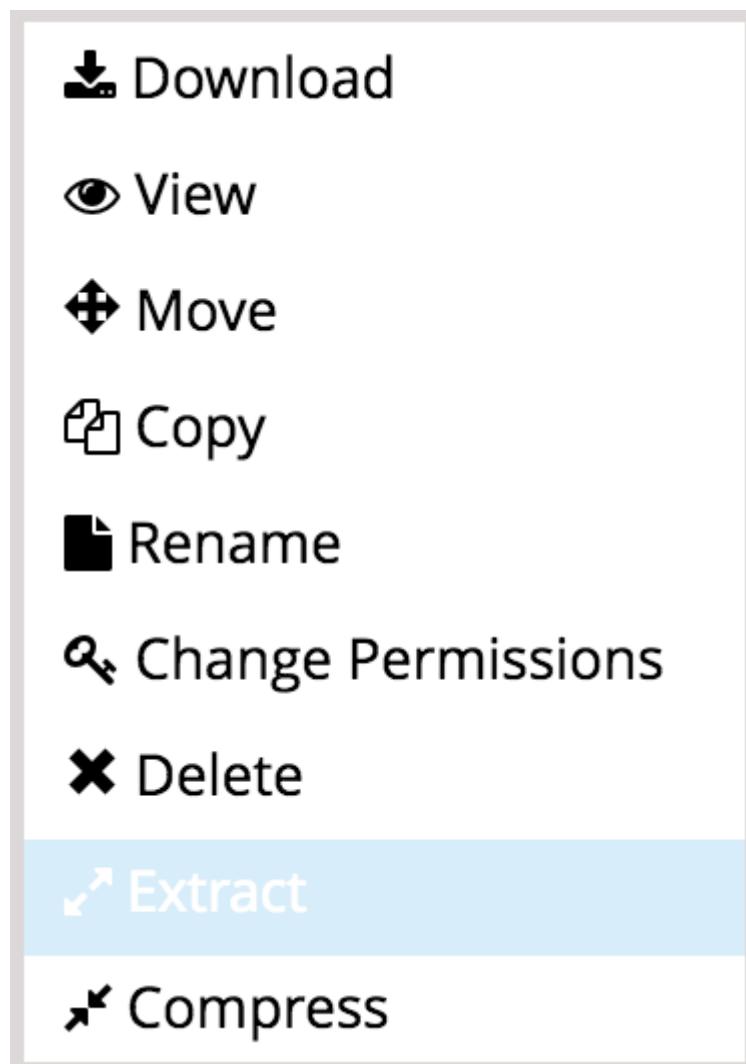

Upload the package to your host

- Download the package from codecanyon or from InfixLms.com Website
- Unzip the package and you'll find the following contents
 - Documentation
 - InfixLMS v.xxx

Upload file "upload.zip" to your host inside the desired location using cPanel File Manager

After the upload is completed, Right-click on the package and select Extract. That will extract the zipped file contents.

Configure InfixLMS with Database credentials

Use the file manager to edit the file in the path `.env`

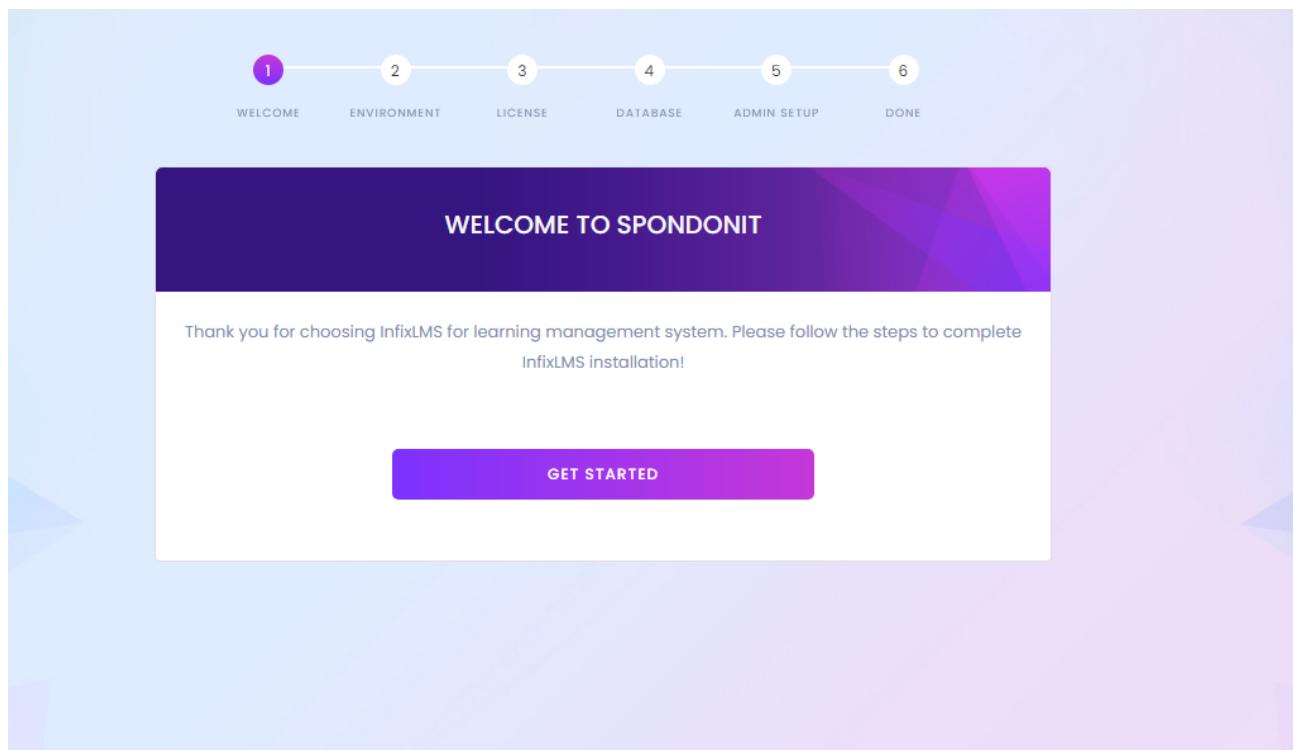

Add Database configuration in the file as described in the below image

Adjust the folder's Permissions

- Change the permissions of the uploads folder and all its contents (Files & Folders) to 777
- Change the permissions of the storage folder and all its contents (Files & Folders) to 777

Start the installation

- Use your browser to Infix install Script. Type in browser your application location followed by /install. and hit Start Installation

Welcome page

Checking your environment for InfixLMS App. If all the requirements look's Fine. Go to the next step.

LET'S CHECK YOUR ENVIRONMENT FOR APP.

Server Requirements

- Installation directory is valid.
- Min PHP version 7.2.0 (Current Version 7.4.14)
- Fileinfo PHP extension enabled.
- Ctype PHP extension enabled.
- JSON PHP extension enabled.
- OpenSSL PHP extension enabled.
- Tokenizer PHP extension enabled.
- Mbstring PHP extension enabled.
- Zip archive PHP extension enabled.
- PDO is installed.
- CURL is installed.
- allow_url_fopen is on.

Folder Requirements

- .env is writable
- /storage/framework is writable
- /storage/logs is writable
- /bootstrap/cache is writable

All The Requirements look's Fine. Let's Dig in

LET'S GO NEXT

InfixLMS Dashboard

Dashboard

At the top menu of the left sidebar is **Dashboard**. There are several viewports in the dashboard. we can see the number of students, instructors, and courses, etc. at a glance. Summary of the Income and Expenses is very important for the **InfixLMS** system. After login, a user can see the update for that day.

Dashboard (a)

1. Dashboard:

A **dashboard**, in website administration, is typically the index page of the control panel for a website's content management system.

2. Collapse Navbar:

Navbars are responsive meta components that serve as navigation headers for your application or site. They begin collapsed (and are toggleable) in mobile views and become horizontal as the available viewport width increases.

3. Search

Find & quickly navigate menu items easily in InfixLMS.

4. Language Switcher

InfixLMS delivered to you equipped with different languages: English, Arabic (RTL), French, Dutch, German, Hindi, Italian, Turkish, Russian, Spanish, etc. You can also add language with your own customization. and switch language with your own choice.

5. Messages

In InfixLMS User can send a private message. If have any unseen message that will be displayed here.

6. Profile

The user can see their profile, change their existing password. Logout button at the bottom of this profile section.

7. Students

The number of the registered **Students** in InfixLMS will be displayed here.

8. Instructors

The number of the registered **Instructors** in InfixLMS will be displayed here.

9. Subjects

The number of total subjects in InfixLMS will be displayed here.

10. Total Enrolled

The number of total enrolled in InfixLMS will be displayed here.

11. Total Enrolled Amount

Total Enrolled Amount in InfixLMS will be displayed here.

12. Revenue

How much revenues earn from InfixLMS will be displayed here.

13. Enrolled Today

InfixLMS gives you the report of today's total enrolled number.

14. This Month

InfixLMS gives the current month enrolled report at a glance.

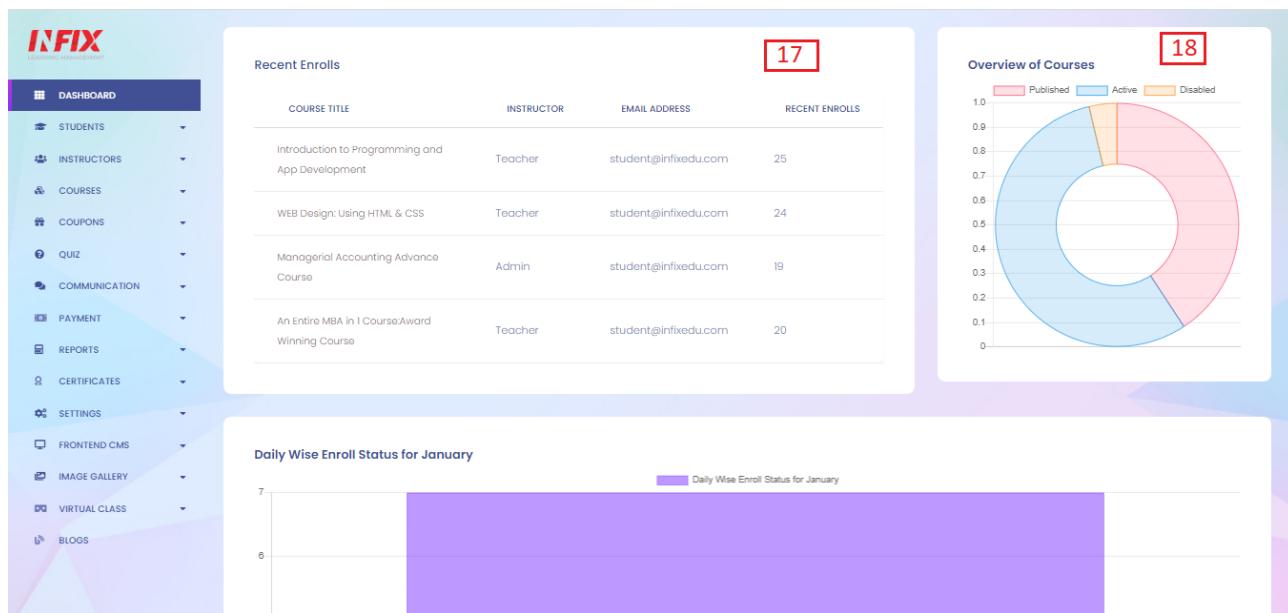

Dashboard (b)

15. Monthly Income

This Graph will be represented **Monthly Income Stats**.

16. Payment Statistics

This graph will represent payment statistics.

Dashboard (c)

17. Recent Enrolls

Recently enrolls courses/quizzes/classes will be displayed here.

18. Overview of Courses

Overview of courses will be displayed here. we can see how many courses are published & how many courses are disabled.

Dashboard (d)

19. Daily Wise Enroll Status for the current month

Daily Wise Enroll will be displayed in a graphical format.

Students

InfixLMS Has a Students Management system. Here you can manage students.

Students List

The screenshot shows the 'Students List' page. On the left is a sidebar with various menu items under 'STUDENTS'. The main area has a header with a search bar and a user profile icon. Below the header is a table titled 'Students' with columns: SL, IMAGE, NAME, EMAIL, STATUS, and ACTION. Two entries are listed: '1 Student' and '2 Carlie Jhovis'. Red numbers 1 through 6 are overlaid on specific elements: 1 is on the 'SL' column header; 2 is on the '+ ADD STUDENT' button; 3 is on the 'QUICK SEARCH' input; 4 is on the top navigation bar; 5 is on the 'ACTION' dropdown for the second entry; and 6 is on the status indicator for the first entry.

Students List

1. Student List

In this section, All registered students are listing here in the Last in First Out (LIFO) Sorting System. On page 10 students will be displayed.

The screenshot shows the 'Add New Student' form. It includes fields for NAME*, USERNAME*, ABOUT (with a rich text editor), DATE OF BIRTH*, PHONE, EMAIL*, IMAGE (with a 'BROWSE IMAGE FILE' button), and COUNTRY/PROVINCE*. The background shows a blurred view of the 'Students List' page.

Add Student

2. Add Student

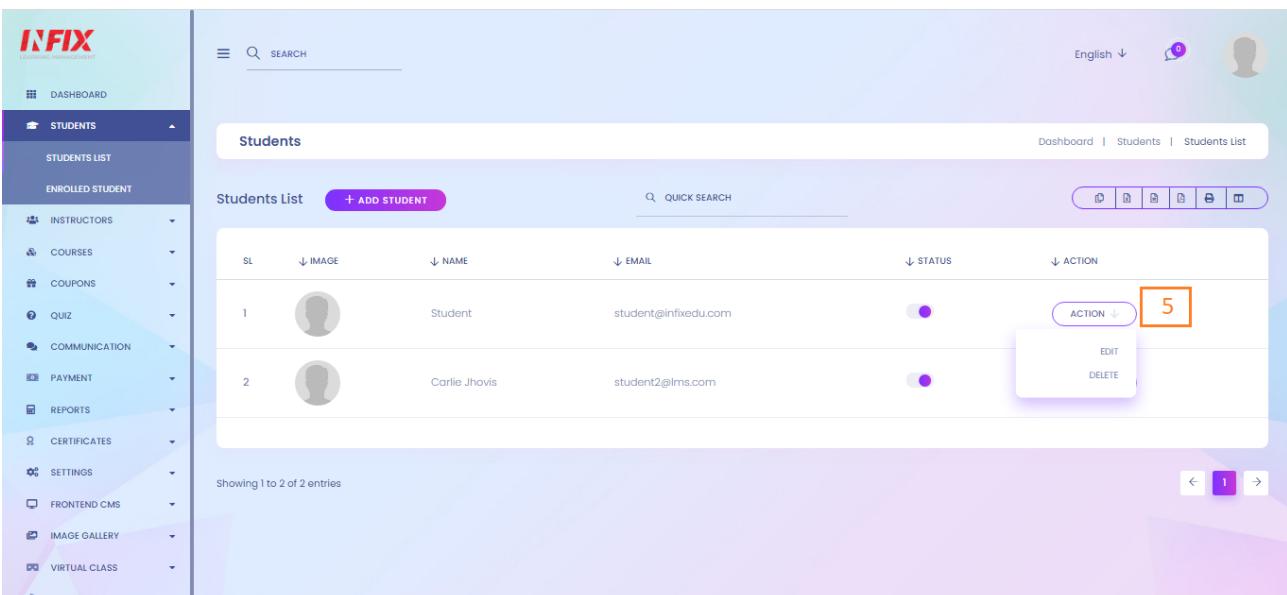

You can register students from the admin section.

3. Quick Search

We can find students quickly using a quick search.

4. Export Button

InfixLMS Provide export list as a **Copy**, **Excel**, **CSV**, **Pdf**, **Print**. And also customize column visibility.

SL	IMAGE	NAME	EMAIL	STATUS	ACTION
1		Student	student@infixedu.com	<input checked="" type="checkbox"/>	ACTION 5
2		Carlie Jhovis	student2@ims.com	<input checked="" type="checkbox"/>	EDIT DELETE

Action Buttons

5. Action Button

Users can update student info and also can delete Students from the database.

6. Status Change

Admin can student's status active to inactive or inactive to active as per requirement.

Enrolled Students

The screenshot shows the 'Enrolled Student' section of the InfixLMS platform. On the left is a sidebar with various menu items under 'STUDENTS'. The main area has a search bar at the top. Below it is a 'Filter Enroll History' section with dropdowns for 'SELECT COURSE', 'SELECT START DATE', and 'SELECT END DATE', followed by a 'FILTER HISTORY' button. A red box labeled '2' highlights this section. Below this is a table titled 'Enrolled Student List' with columns: IMAGE, NAME, EMAIL ADDRESS, COURSES ENROLLED, ENROLLMENT DATE, and ACTION. Two student entries are listed: entry 1 (Student, student@infixedu.com) enrolled in 'WEB Design: Using HTML & CSS' on 28th January 2021, and entry 2 (Student, student@infixedu.com) enrolled in 'Introduction to Programming and App Development' on 28th January 2021. A red box labeled '1' highlights the first student entry. A red box labeled '3' highlights the 'QUICK SEARCH' input field. A red box labeled '4' highlights the export icons at the top right of the table.

1	IMAGE	NAME	EMAIL ADDRESS	COURSES ENROLLED	ENROLLMENT DATE	ACTION
1		Student	student@infixedu.com	WEB Design: Using HTML & CSS	28th January 2021	
2		Student	student@infixedu.com	Introduction to Programming and App Development	28th January 2021	

Enrolled Student

1. Enrolled Student List

In this section, All Enrolled students are listing here in the Last in First Out (LIFO) Sorting System. On page 10 students will be displayed.

2. Advance Search

Advance Search by filter Course or date range.

3. Quick Search

We can find students quickly using a quick search.

4. Export Button

InfixLMS Provide export list as a [Copy](#), [Excel](#), [CSV](#), [Pdf](#), [Print](#). And also customize column visibility.

Instructors

InfixLMS Has an Instructors Management system. Here you can manage Instructors.

Instructor List

The screenshot shows the 'Instructor List' page. On the left is a vertical sidebar with a navigation menu. The 'INSTRUCTORS' section is expanded, showing 'ALL INSTRUCTORS' and 'INSTRUCTOR PAYOUT'. Other menu items include 'COURSES', 'COUPONS', 'QUIZ', 'COMMUNICATION', 'PAYMENT', 'REPORTS', 'CERTIFICATES', 'SETTINGS', 'FRONTEND CMS', 'IMAGE GALLERY', 'VIRTUAL CLASS', and 'BLOGS'. At the top right are language ('English'), notification ('0'), and user profile icons. The main content area has a header 'Instructor List' with a search bar and a 'QUICK SEARCH' button. Below is a table with columns: 'SL' (numbered 1-4), 'IMAGE' (with small profile pictures), 'NAME' (Teacher, Robert Pattinson, Johnny Depp, Bradley Cooper), 'EMAIL' (teacher@infixedu.com, instructor2@lms.com, instructor3@lms.com, instructor4@lms.com), 'STATUS' (indicated by a blue dot), and 'ACTION' (with a dropdown menu). A purple 'ADD INSTRUCTOR' button is at the top left of the table area.

Instructor List

1. Instructor List

In this section, All registered instructors are listing here in the Last in First Out (LIFO) Sorting System. On page 10 students will be displayed.

The screenshot shows the 'Add New Instructor' form. It has fields for 'NAME *' (with a placeholder '-'), 'USERNAME *' (placeholder '-'), 'ABOUT' (with a rich text editor containing 'Poppins'), 'DATE OF BIRTH *' (placeholder 'DATE'), 'PHONE' (placeholder '-'), 'EMAIL *' (placeholder '-'), and an 'IMAGE RECOMMENDED SIZE (380x400)' field with a 'BROWSE IMAGE FILE' button. The background shows the same 'Instructor List' table from the previous screenshot, with rows numbered 1 through 4.

Add Instructor

2. Add Instructor

You can register students from the admin section.

3. Quick Search

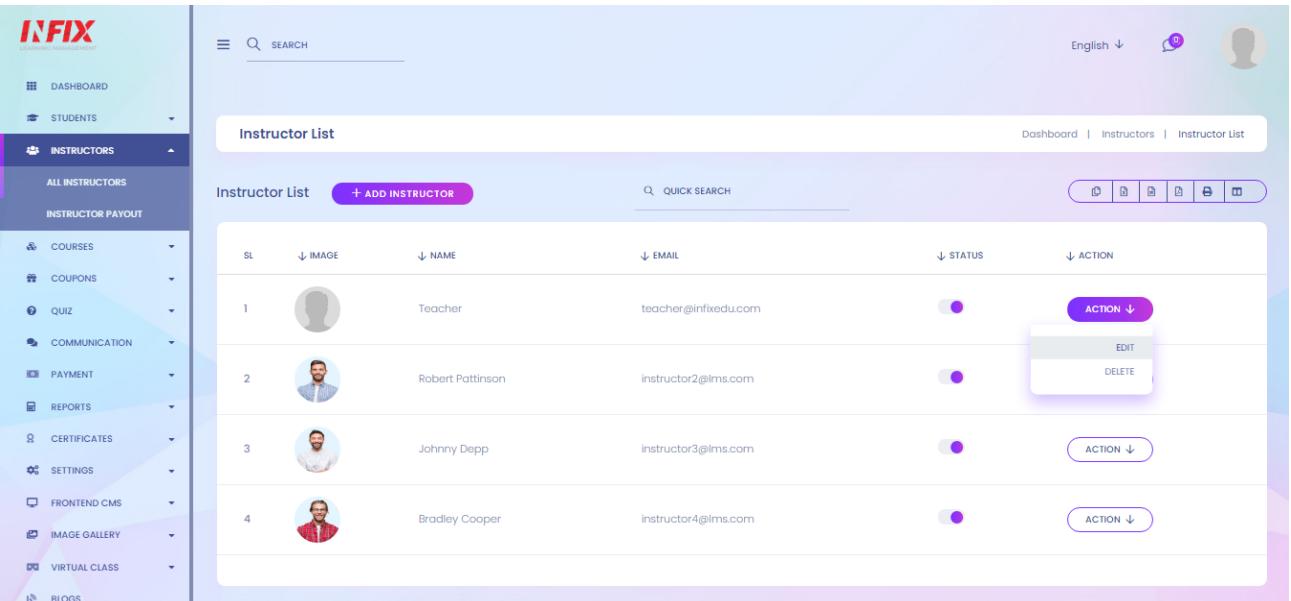

We can find students quickly using a quick search.

4. Export Button

InfixLMS Provide export list as a **Copy**, **Excel**, **CSV**, **Pdf**, **Print**. And also customize column visibility.

5. Status Change

Admin can instructor's status active to inactive or inactive to active as per requirement.

SL	IMAGE	NAME	EMAIL	STATUS	ACTION
1		Teacher	teacher@infixedu.com	<input checked="" type="checkbox"/>	ACTION
2		Robert Pattinson	instructor2@ilms.com	<input checked="" type="checkbox"/>	EDIT DELETE
3		Johnny Depp	instructor3@ilms.com	<input checked="" type="checkbox"/>	ACTION
4		Bradley Cooper	instructor4@ilms.com	<input checked="" type="checkbox"/>	ACTION

Action Button

6. Action Button

Users can update instructor's info and also can delete Instructors from the database.

Instructor Payout

The screenshot shows the 'Instructor Payment' section of the InfixLMS platform. The sidebar on the left is titled 'INSTRUCTORS' and includes options like 'COURSES', 'COUPONS', 'QUIZ', 'COMMUNICATION', 'PAYMENT', 'REPORTS', 'CERTIFICATES', 'SETTINGS', 'FRONTEND CMS', 'IMAGE GALLERY', 'VIRTUAL CLASS', and 'BLOGS'. The main area is titled 'Instructor Payment' and contains a table with 7 rows. The columns are labeled 'SL', 'INSTRUCTOR', 'AMOUNT', 'ISSUE DATE', and 'STATUS'. Row 4 (Teacher, 1st April 2021) has a red box around its 'STATUS' column. A red box also surrounds the 'QUICK SEARCH' input field at the top right of the table.

SL	INSTRUCTOR	AMOUNT	ISSUE DATE	STATUS
1	Teacher	₹10	1st January 2021	Active
2	Teacher	₹10	1st February 2021	Active
3	Teacher	₹10	1st March 2021	Active
4	Teacher	₹10	1st April 2021	Active
5	Teacher	₹10	1st May 2021	Active
6	Teacher	₹10	1st June 2021	Active
7	Teacher	₹10	1st July 2021	Active

Instructor Payment

1. Instructor Payment List

In this section, All instructor's payments are listing here in the Last in First Out (LIFO) Sorting System. On page 10 students will be displayed.

2. Quick Search

We can find instructors quickly using a quick search.

3. Export Button

InfixLMS Provide export list as a [Copy](#) , [Excel](#) , [CSV](#) , [Pdf](#) , [Print](#) . And also customize column visibility.

6. Status Change

Admin can Instructor Payment status active to deactivate or deactivated to active as per requirement.

Courses

In this section, you can manage categories, subcategories, and courses. **InfixLMS** gives the best user experience in manage those things.

Categories

The screenshot shows the InfixLMS interface for managing categories. On the left, there is a form titled "Add New Category" with fields for Name, Position Order, Status, and Icon. The "Name" field contains "Name". The "Position Order" dropdown has "1" selected. The "Status" dropdown has "Activo" selected. The "Icon" section includes a "BROWSE IMAGE FILE" button and a "BROWSE" button. A note says "Recommended size 200px x 200px". Below the form is a "SAVE" button. To the right is a "Category List" table with columns: NAME, ICON, STATUS, and ACTION. The table contains five entries: "3D Modeling" (3D icon), "Business" (monitor icon), "Mobile Development" (code icon), "Software Development" (books icon), and "UI UX Design" (tree icon). Each entry has a status switch (purple) and an "ACTION" button labeled "SELECT". At the bottom of the table, it says "Showing 1 to 5 of 5 entries" and has navigation buttons for previous, next, and last pages.

NAME	ICON	STATUS	ACTION
3D Modeling		<input checked="" type="checkbox"/>	SELECT
Business		<input checked="" type="checkbox"/>	SELECT
Mobile Development		<input checked="" type="checkbox"/>	SELECT
Software Development		<input checked="" type="checkbox"/>	SELECT
UI UX Design		<input checked="" type="checkbox"/>	SELECT

Category List

1. Add Category

Admin can create a new category from here.

2. Category List

All category listed here.

3. Quick Search

We can find categories quickly using a quick search.

4. Export Button

InfixLMS Provide export list as a [Copy](#), [Excel](#), [CSV](#), [Pdf](#), [Print](#). And also customize column visibility.

5. Status Change

Admin can change category's status active to deactivate or deactivated to active as per requirement.

6. Action Button

Users can update the category's info and also can delete the category from the database.

Subcategories

The screenshot shows the 'Subcategory List' page. At the top right, there are navigation links: Dashboard, Course, and Subcategory. Below the header, there are two main sections: 'Add New Subcategory' on the left and 'Subcategory List' on the right. The 'Subcategory List' section includes a 'QUICK SEARCH' input field and a set of export icons (Copy, Excel, CSV, PDF, Print). The table has columns: ID, ↓ NAME, ↓ CATEGORY NAME, ↓ STATUS, and ↓ ACTION. The data in the table is as follows:

ID	↓ NAME	↓ CATEGORY NAME	↓ STATUS	↓ ACTION
1	Accounting	Business	Active	SELECT ↓
2	MBA	Business	Active	SELECT ↓
3	Blender Creator	3D Modeling	Active	SELECT ↓
4	3D environments	3D Modeling	Active	SELECT ↓
5	Adobe XD	UI UX Design	Active	SELECT ↓
6	UI Design	UI UX Design	Active	SELECT ↓
7	App Development	Mobile Development	Active	SELECT ↓
8	iOS Development	Mobile Development	Active	SELECT ↓
9	Python	Software Development	Active	SELECT ↓

1. Add Subcategory

Admin can create a new Subcategory from here.

2. Subcategory List

All Subcategory listed here.

3. Quick Search

We can find subcategories quickly using a quick search.

4. Export Button

InfixLMS Provide export list as a [Copy](#), [Excel](#), [CSV](#), [Pdf](#), [Print](#). And also customize column visibility.

5. Status Change

Admin can subcategory's status active to inactive or inactive to active as per requirement.

6.Action Button

Users can update the category's info and also can delete the subcategory from the database.

All Courses

This screenshot shows the 'All Courses' section of the INFINIX Learning Management System. On the left, there's a sidebar with navigation links like Dashboard, Students, Instructors, Courses (selected), Categories, Subcategories, All Courses, Active Courses, Pending Courses, Coupons, Quiz, Communication, Payment, Reports, Certificates, Settings, and Frontend CMS. The main area has a header with 'All Topic List', '+ ADD TOPIC' (button 2), 'QUICK SEARCH' (button 3), and several filter icons (button 4). Below is a table with columns: TYPE (button 1), TOPIC TITLE, CATEGORY, QUIZ, INSTRUCTOR, LESSON, ENROLLED, STATUS, PRICE, and ACTION. There are four course entries:

TYPE	TOPIC TITLE	CATEGORY	QUIZ	INSTRUCTOR	LESSON	ENROLLED	STATUS	PRICE	ACTION
Course	Master On ReactJS with basic to advanced project	Software Development / Laravel	Admin	0	0	<input checked="" type="checkbox"/>	₹ 10 ₹ 20	<button>ACTION</button> (button 6)	
Course	Master Laravel PHP with basic to advanced project	Software Development / Laravel	Admin	6	0	<input checked="" type="checkbox"/>	₹ 10 ₹ 20	<button>ACTION</button>	
Course	Complete Python Developer in 2020: Zero to Mastery	Software Development / Python	Admin	6	0	<input checked="" type="checkbox"/>	₹ 10 ₹ 20	<button>ACTION</button>	
Course	The Complete iOS 11 & Swift Developer Course	Mobile Development / iOS Development	Admin	6	0	<input checked="" type="checkbox"/>	₹ 10 ₹ 20	<button>ACTION</button>	

Courses

1. Topic List

All topics listed here.

This screenshot shows the 'Add New Topic' form. It has a header 'Add New Topic' and a close button. The form includes fields for 'COURSE TYPE *' (Course selected, Quiz unselected), 'TOPIC TITLE *' (input field with placeholder '-'), 'COURSE DESCRIPTION' (Rich Text Editor with Poppins font selected), 'Select Category *' (dropdown), 'Select Sub Category *' (dropdown), 'Select Level *' (dropdown), 'Select Language *' (dropdown), 'DURATION *' (input field with placeholder '-'), and 'PRICE' (input field with placeholder '-'). The background shows a list of courses with their details and actions.

Add Topic

2. Add Topic

Users can add a new topic from here.

3. Quick Search

We can find topics quickly using a quick search.

4. Export Button

InfixLMS Provide export list as a `Copy`, `Excel`, `CSV`, `Pdf`, `Print`. And also customize column visibility.

5. Status Change

Admin can topic's status active to deactivate or deactivated to active as per requirement.

The screenshot shows the 'All Topic List' page of the InfixLMS platform. On the left, there is a sidebar with various navigation links such as Dashboard, Students, Instructors, Courses, Categories, Subcategories, All Courses, Active Courses, Pending Courses, Coupons, Quiz, Communication, Payment, Reports, Certificates, Settings, and Frontend CMS. The 'COURSES' link is currently selected. The main content area displays a table with four rows of course information. Each row includes columns for Type (Course), Topic Title, Category, Instructor, Lesson Count, Enrollment Status, Price, and Action. The 'ACTION' column contains three buttons: 'EDIT', 'DETAILS', and 'VIEW'. The 'DETAILS' button for the second course is highlighted with a purple box. The table has a header with sorting icons for each column.

Type	Topic Title	Category	Instructor	Lesson	Enrolled	Status	Price	Action

9. Course Details

Users can update Course info from here.

The screenshot shows the INFINIX LMS dashboard with a sidebar containing various management options like Dashboard, Students, Instructors, Courses, Coupons, Quiz, Communication, Payment, Reports, Certificates, Settings, Frontend CMS, Image Gallery, Virtual Class, and Blogs. The main area is titled 'Course' and shows a sub-section for 'Add'. A modal window titled 'Course' is open, with a sub-modal titled 'Exercise Files' (marked with a red box labeled '10'). The 'Exercise Files' modal has tabs for Course Name, Course Details, Exercise Files, and Drip Content. It contains a table with three rows, each showing an ID, COUPONS.NAME, DOWNLOAD status (File Not Found), and an ACTION column with a 'SELECT' button. Below the table is a '+ ADD FILE' button.

10. Exercise File

Users can upload exercise files from here.

The screenshot shows the INFINIX LMS dashboard with the same sidebar as the previous screenshot. The main area is titled 'Course' and shows a sub-section for 'Add'. A modal window titled 'Course' is open, with a sub-modal titled 'Drip Content' (marked with a red box labeled '11'). The 'Drip Content' modal has tabs for Course Name, Course Details, Exercise Files, and Drip Content. It contains a table with five rows, each showing a lesson name, a specific date field, and a days after enrollment field. The lessons listed are: '1. What is Accounting [5H]', '2. Basics on Accounting [3H]', '1. Basic Learning on Income Statement [3H]', '2. What is Credits and Debits [3H]', and '1. Basic Learning on Deveidend Policy [3H]'. Each row has 'SELECT DATE' and 'Days' input fields.

11. Drip Content

Dripping **content** is a method of releasing **content** to your site users. Users receive **content** bit by bit, perhaps over the course of a few months, until they have access to the full library. You can also **drip** specific menu items or posts, requiring a user to view them in a certain order.

Users can manage content from here.

Frontend CMS

Home Content

The screenshot shows the INFINIX Learning Management System's Frontend CMS interface. On the left, there is a sidebar with a dark blue header containing the INFINIX logo and "LEARNING MANAGEMENT". Below the header, the sidebar has a tree-like navigation menu:

- DASHBOARD
- STUDENTS
- INSTRUCTORS
- COURSES
- COUPONS
- QUIZ
- COMMUNICATION
- PAYMENT
- REPORTS
- CERTIFICATES
- SETTINGS

Under the "FRONTEND CMS" section, which is highlighted with a purple background, there are four items:

- HOME CONTENT (which is currently selected)
- PRIVACY POLICY
- TESTIMONIALS
- SECTION SETTING

The main content area is titled "Home Content" and shows two input fields: "SLIDER TITLE *" with the placeholder "For every student, every classroom. Real results." and "TESTIMONIAL TITLE *" with the placeholder "What Our Student Have To Say". Below these is a "SLIDER TEXT *" field with the placeholder "Build skills with courses, certificates, and degrees online from world-class universities and companies". At the bottom right of the form is a purple "✓ UPDATE" button.

Admin can change Home content form hr

Privacy Policy

Users can update privacy & policy from here.

Testimonials

The screenshot shows the InfixLMS Testimonials module. The left sidebar has a dark blue background with white text. The 'FRONTEND CMS' and 'TESTIMONIALS' items are highlighted in purple, indicating they are selected. The 'TESTIMONIALS' item is the active sub-page. The main content area has a light blue header with the title 'Testimonial'. Below it, there are two tabs: 'Add New Testimonial' (with a red box 1) and 'Testimonial' (with a red box 2). The 'Testimonial' tab displays a list of entries. Each entry includes fields for ID, BODY, AUTHOR, PROFESSION, IMAGE, DATE, STATUS, and STAR. The first entry shows a testimonial from Micky Mouse, a Photographer, dated 30th Jan, 2021, with a 5-star rating. A red box 3 points to the 'QUICK SEARCH' input field. A red box 4 points to the export icons at the top right. A red box 5 points to the status change button for the first entry. A red box 6 points to the 'SELECT' dropdown in the action column.

1. Testimonials List

All testimonials listed here.

2. Add testimonial

Admin can create a new testimonial from here.

3. Quick Search

We can find testimonials quickly using a quick search.

4. Export Button

InfixLMS Provide export list as a [Copy](#), [Excel](#), [CSV](#), [Pdf](#), [Print](#). And also customize column visibility.

5. Status Change

Admin can testimonial status active to deactivate or deactivated to active as per requirement.

6.Action Button

Users can update the testimonial and also can delete the testimonial from the database.

Section Setting

ID	↓ TITLE	↓ URL	↓ DESCRIPTION	↓ STATUS	↓ ICON	↓ DATE	↓ ACTION
1	Online courses	courses	Explore a variety of fresh topics	<input checked="" type="checkbox"/>		30th Jan, 2021	<button>SELECT ↓</button>
2	Expert teachers	pages/1/teacher-directory	Learn from industry experts	<input checked="" type="checkbox"/>		30th Jan, 2021	<button>SELECT ↓</button>

InfixLMS Provide export list as a [Copy](#) , [Excel](#) , [CSV](#) , [Pdf](#) , [Print](#) . And also customize column visibility.

4. Action Button

Users can update the section.

Social Setting

The screenshot shows the 'Social Setting' page in the InfixLMS dashboard. On the left, there's a sidebar with various management options like Dashboard, Students, Instructors, Courses, Coupons, Quiz, Communication, Payment, Reports, Certificates, and Settings. A 'Frontend CMS' section is also present. The main area has a search bar at the top right. Below it, a table lists three social media entries:

ID	ICON	LINK	SOCIAL NAME	STATUS	ACTION
1	Gitlab icon	https://gitlab.com	Gitlab	Active (purple)	SELECT
2	Facebook icon	https://facebook.com	Facebook	Active (purple)	SELECT
3	YouTube icon	https://youtube.com	Youtube	Active (purple)	SELECT

Below the table, a message says 'Showing 1 to 3 of 3 entries'. At the bottom left is an 'Add New' form with fields for Icon (fa-glass), Enter Social Link (Enter social link), Social Name (Social Name), and Status (Active). A 'SAVE' button is at the bottom right. The interface includes a quick search bar and export buttons (Copy, Excel, CSV, Pdf, Print) at the top right.

1. Social Media List

All social media listed here.

2. Add Social Media

Admin can create a new social media from here.

3. Quick Search

We can find social media quickly using a quick search.

4. Export Button

InfixLMS Provide export list as a [Copy](#), [Excel](#), [CSV](#), [Pdf](#), [Print](#). And also customize column visibility.

5. Status Change

Admin can social media status active to deactivate or deactivated to active as per requirement.

6.Action Button

Users can update the social media's info and also can delete the social media from the database.

About

The screenshot shows the 'About Content' section of a CMS interface. On the left, a sidebar lists various sections: QUIZ, COMMUNICATION, PAYMENT, REPORTS, CERTIFICATES, SETTINGS, FRONTEND CMS, HOME CONTENT, PRIVACY POLICY, TESTIMONIALS, SECTION SETTING, SOCIAL SETTING, ABOUT, PAGES, BECOME INSTRUCTOR, SPONSORS, SUBSCRIBER, and IMAGE GALLERY. The 'ABOUT' section is currently selected. The main area contains several input fields:

- BANNER TITLE *: We are here to meet your demand and teach the most beneficial way for you in Personal.
- WHO WE ARE *: Improving lives through Learning. We are always Inspired by the world and people us. Celebrating e-Learning excellence in Personal.

Image Gallery

Mange Gallery

The screenshot shows the InfixLMS Image Gallery interface. The left sidebar includes a navigation menu with various sections like Dashboard, Students, Instructors, Courses, Coupons, Quiz, Communication, Payment, Reports, Certificates, Settings, and Frontend CMS. The 'IMAGE GALLERY' section is currently active. The main content area features a 'Image Gallery' tab and an 'Add New Image' form. The 'Image Gallery' tab displays a grid of three images with columns for ID, IMAGE, TITLE, DATE, STATUS, and ACTION. Each image row contains a small thumbnail, a title, a date (27th Jan, 2021), a status switch (purple for active, grey for inactive), and a 'SELECT' dropdown. A red box labeled '1' highlights the 'IMAGE' field in the 'Add New Image' form. A red box labeled '2' highlights the 'IMAGE' column header in the gallery grid. A red box labeled '3' highlights the 'QUICK SEARCH' input field at the top of the grid. A red box labeled '4' highlights the export icons (Copy, Excel, CSV, Pdf, Print) in the top right corner. A red box labeled '5' highlights the status switch for the first image. A red box labeled '6' highlights the 'SELECT' dropdown for the first image.

1. Image Gallery

All gallery images listed here.

2. Add a new image

Admin can create a new blog post from here.

3. Quick Search

We can find blog posts quickly using a quick search.

4. Export Button

InfixLMS Provide export list as a [Copy](#), [Excel](#), [CSV](#), [Pdf](#), [Print](#). And also customize column visibility.

5. Status Change

Admin can gallery image status active to deactivate or deactivated to active as per requirement.

6.Action Button

Users can update the image and also can delete the image.

Virtual Class

Class List

The screenshot shows the INFINIX LMS interface. On the left is a sidebar with various navigation options like Dashboard, Students, Instructors, Courses, etc. The 'Virtual Class' option is selected and highlighted in purple. The main area has two tabs: 'Add Create Class' (highlighted with red box 1) and 'Class List' (highlighted with red box 2). The 'Add Create Class' tab shows a form with fields for Title (Laravel Intro Class), Duration (40 minutes), Category (Category), Sub Category (Select Sub Category), Fees (50), and an image upload section. The 'Class List' tab shows a table of existing classes:

Title	Category	Sub Category	Language	Duration	Fees	Type
Laravel Intro Class	Software Development	Laravel		40	50	Single Class
Online Class for Mastering in Accounting	3D Modeling	English		60	0	Single Class
Online Class for Mastering in Laravel	Business	Accounting	English	60	30	Single Class

At the top right of the 'Class List' table are several icons (highlighted with red box 3). A context menu is open over the second class row, showing options: 'SELECT' (highlighted with red box 5), 'DETAILS' (highlighted with red box 6), 'EDIT', and 'DELETE'. At the bottom right of the table is another 'SELECT' button (highlighted with red box 7).

1. Class List

All virtual classes listed here.

The screenshot shows the 'Add Classes' form under the 'Classes List' tab. The form includes fields for Topic (python Intro Class), Description, Attendee Password, Moderator Password, Date Of Class (01/30/2021), Time Of Class, and Change Default Settings (radio buttons for Yes and No). At the bottom right of the form is a large blue button labeled 'Add Class Schedule'.

2. Add virtual class

users can create a new class from here.

3. Quick Search

We can find classes quickly using a quick search.

4. Export Button

InfixLMS Provide export list as a `Copy`, `Excel`, `CSV`, `Pdf`, `Print`. And also customize column visibility.

5. Action Button

Users can update class info and also can delete the class from the database.

6. Class schedule List

The screenshot shows the InfixLMS platform's virtual class management interface. On the left is a sidebar with various administrative links like Dashboard, Students, Instructors, Courses, Coupons, Quiz, Communication, Payment, Reports, Certificates, Settings, Frontend CMS, Image Gallery, Zoom, BigBlueButton, and Virtual Class. The main area is titled "Virtual Class (Zoom)" and shows a "Class List". The list includes a single entry: "SL", "ID" (95059753268), "PASSWORD" (123456), "TOPIC" (Laravel Intro Class), "DATE" (01/30/2021), "TIME" (2:20 PM), "DURATION" (40 Min), and an "ACTIONS" button. A context menu is open over the first row, with options: "SELECT", "VIEW", "EDIT", and "DELETE". The "DELETE" option is highlighted with a purple background. At the bottom of the list, it says "Showing 1 to 1 of 1 entries".

Zoom

Zoom Class

The screenshot shows the 'Zoom Classes Manage' section of the InfixLMS platform. On the left, a sidebar menu lists various management categories like Dashboard, Students, Instructors, Courses, etc., with 'ZOOM' expanded to show 'ZOOM CLASS' and 'ZOOM SETTINGS'. The main area has two sections: 'Add Class' (with fields for CLASS*, INSTRUCTOR*, TOPIC*, DESCRIPTION, Date Of Class*, Time Of Class*, CLASS DURATION*, and Password*) and 'Class List' (a table showing one class entry). The 'Class List' table has columns for SL, ID, CLASS, INSTRUCTOR, PASSWORD, TOPIC, DATE, and TIME. The first row in the table is highlighted with red boxes numbered 1 through 6, pointing to specific UI elements: 1 points to the 'CLASS*' input field; 2 points to the 'ID' column header; 3 points to the 'QUICK SEARCH' input field; 4 points to the export icons at the top right; 5 points to the 'ACTIONS' dropdown menu for the first class entry; and 6 points to the 'CLOSED' status indicator in the 'ACTIONS' menu.

SL	ID	CLASS	INSTRUCTOR	PASSWORD	TOPIC	DATE	TIME

My Account

The screenshot shows the Infix LMS account page. At the top, there is a navigation bar with the Infix logo, a 'Category' dropdown, a search bar, and user profile icons for 'Student' and 'Infix'. On the left, a sidebar menu lists various account management options: Dashboard, My Courses, My Quizzes, Live Classes, Purchase History, My Profile, Account Settings (which is currently selected), Deposit, Logged In Devices, and Referral. The main content area features a large circular placeholder for a profile picture, labeled 'Student' below it. To the right of the placeholder is the 'Account Settings' section, which includes fields for 'Email Address' (student@infixedu.com), 'Existing Password *', 'New Password *', and 'Re-Type Password *'. A prominent red 'Change Password' button is located at the bottom of this section. Below the main content is a dark footer bar with a newsletter sign-up form, social media links, and copyright information.

Instructors

The screenshot shows a Learning Management System (LMS) interface. At the top, there is a navigation bar with the 'INFIX LEARNING MANAGEMENT' logo, a 'Category' section, a search bar, and links for 'Home', 'Courses', 'Live Classes', 'Quiz', 'Instructor' (which is highlighted in red), 'Contact Us', and 'Student'. There is also a user profile icon and a shopping cart icon with a '0' notification.

The main content area displays four instructor profiles in a grid:

- Teacher**
IT Specialist (represented by a gray placeholder image)
- Robert Pattinson**
Founder & CEO (represented by a photo of a man with a beard)
- Johnny Depp**
Account Officer (represented by a photo of a smiling man)
- Bradley Cooper**
Creative Director (represented by a photo of a man with glasses and a red plaid shirt)

A pink circular button with a white upward arrow is located on the right side of the page.

instructor list

Here all instructors will be listed. Users can visit the instructor's profile from here.

Contact Us

The screenshot shows the INFIX Learning Management System interface. At the top, there is a navigation bar with the INFIX logo, a 'Category' section, a search bar, and links for Home, Courses, Live Classes, Quiz, Instructor, Contact Us (which is highlighted in red), and Student. A shopping cart icon with a '0' is also present. Below the navigation, there is a 'Contact Information' section containing address, phone number, email, and a message. To the right, there is a 'Send us Message' form with fields for Name, Email Address, Subject, and Message, followed by a 'Send Message' button.
